No. is the number of results predicted by chance to have a score greater than or equal to the score of the result being printed, and is derived by analysis of the total score distribution.
                                                                                                                                                                                                                                                                                                Description
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       AX513568 SAX513564 SAX513564 SAX513564 SAX513583 SAX51358 SAX51358 SAX51358 SAX51358 SAX51357 SAX5157 SAX5157 SAX5157 SAX5157 SAX5157 SAX5157 SAX51

No. is the number of results predicted by chance to have a score greater than or equal to the score of the result being printed, and is derived by analysis of the total score distribution.
                                                                                                                                                                                                                                                                                                                                                                                                Description
